

**REMARKS**

Claims 2, 4-7, 10-12 and 18-28 stand rejected on the ground of non-statutory obviousness-type double patenting in view of claims 1-11 and 13-16 of U.S. Patent No. 7,252,712. Applicants hereby submit a terminal disclaimer against U.S. Patent No. 7,252,712. Accordingly, this rejection is now moot.

Applicants thank the Examiner for indicating claims 15, 16, 19 and 20 to be allowable if rewritten as independent claims. With the submission of the terminal disclaimer against U.S. Patent No. 7,252,712, the double patenting rejection against the rejected base claims is now overcome. Accordingly, applicants respectfully request the Examiner to withdraw the double patenting rejection and to pass this application to issue.

If it is determined that a telephone conference would expedite the prosecution of this application, the Examiner is invited to telephone the undersigned at the number given below.

In the event the U.S. Patent and Trademark Office determines that an extension and/or other relief is required, applicants petition for any required relief, including extensions of time, and authorize the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to **Deposit Account No. 03-1952** referencing **Docket No. 204552035400**.
